

Bring Along to your school

Checklists are great for tracking progress! Use the one below to start using Along at your school.

Pave the way

1. Make an educator account for yourself on along.org and explore Along.
2. Familiarize yourself with how Along works. You can find answers to key questions at our [Help Center](#).

Make your plan

1. Use this [planning guide](#) to think through your implementation and be ready to answer questions you may get from your teachers.
2. Make a copy and customize the [Introduce Along at your school presentation](#), designed to help you meet each of the objectives in the planning guide.

Introduce Along and onboard your staff

1. Use your customized presentation to introduce Along to staff, support them to make their accounts, and plan next steps. We're also happy to co-plan alongside you if you [email us](#) to set up a time.
2. Provide staff with the [Getting started checklist](#) to help them monitor their progress.
3. Set expectations and clear timelines for each of the steps on the checklist to ensure a strong start. Decide a timeline for completing each of the steps.

Complete each step	Date
Roster students.	__/__/__
Introduce Along to students and support them to log in.	__/__/__
Record and share the first reflection question with students.	__/__/__
Review and respond to students' first reflections.	__/__/__

Follow up with your staff to provide support, accountability, and celebration of progress.

Visit our Help Center for answers to any questions along the way. You can also email us at support@along.org.
